to read more about this long-awaited DVD set, and to learn how to order your copy at our special pre-publication price of **\$105 for one week only**. The price then goes up to **\$145**. Order on line: <http://stores.homestead.com/klinghardt/StoreFront.bok>

We are now taking orders for individual DVDs at the price of **\$45** per DVD.

Autonomic Response Testing II

Autonomic Response Testing (ART) is different from other forms of muscle testing. It uses the latest findings of quantum and biophotonic physics to aid in the assessment of the body. This allows for a much deeper level of testing not available before to traditional kinesiologists. Tools such as a polarization filter and signal enhancers are used to get stronger, clearer feedback from the body.

In ART II, you will deeply learn Dr. Klinghardt's protocols for Lyme Disease. He will introduce sound methods to diagnose and treat the intracellular environment. Learn how to

use muscle testing to detect chronic viral, fungal, mycoplasmal infections, Lyme disease and other microorganisms. You will also learn treatment protocols for cancer, chronic fatigue, MS, FMS and other chronic diseases. Learn to use ART to select the most appropriate and best tolerated medication - including diagnostic and therapeutic protocols for toxic metals and xenobiotics.

It is not necessary to have completed ART I to take ART II. A refresher course will be offered on Friday morning and ART I DVDs are available to review prior to the seminar.

Cost: \$650.

Hyatt Regency Bellevue, Seattle area.

To sign up on line: <http://stores.homestead.com/klingshardt/StoreFront.bok>
or call (303) 499-4700.

Click here:
